

The battle for the Earth

„The earth is the only climb of the entire planet galaxy. Because the Earth is the only planet among all the planets in about 360 billion star systems on all seven dimensions of consciousness – from the first Dimension of the consciousness level of minerals, up to the 7th dimension, the level of boundless subtle. And that means that all the divine beings of this galaxy from their home planet to the Earth must change if they are on the 7th Dimension to ascend to God. If a being to ascend to God, then it must go back to Earth. Because here there is only the 7th Dimension and awareness portal to God.“ ...

(This text demonstrates how important the position of our planet and is only here to the earth connection, with the initiation of God's power can be produced and must).
