by Mr Stefan Bamberg,
Page 5 p.m. to 9 p.m. from 13

"Know that **UR SPIRIT** also you'll never look quite, really listen, because He is in the Vollwesenheit shows no creatures! That which is necessary because of the works is shown by the creature and is visible and audible to comprehend. This can grasp it and he does. Gestalt to Gestalt, person to person. And all the effluent from the creature can Göttlichkeitspotenzen won and worn as a child was UR.

"Could a child because if it is also the father of my education in itself, the Ur-father? No, it recognizes it, that I am eternally powerful and on this basis, children will be blessed. That never believed, that k with eienr alignment with my entity and same power, force, violence and strength is away. Since each child would have the same proportion of UR have selober I had an hour to the right, never made it wäret I was born, and it would not be needed , to teach you. Since it would have made you geschöpft how I made myself creative. if ye but individual thoughts, so you can jeweilks Single-makers. You have to you experienced as wonderfully large and an individual is shaped and what is much her how you can create yourself.

Had the power to transfer, then to a child because the UR power can not be split. By contrast, from the UR-subjugated by certain first-ever for the children of a possible schism.

But my I-principle
remain undivided forever!

Page 9 of 13, 6 Paragraph:

... I wanted from creature, mind and soul UR children and gave out part of my BR so that part of the UR-child is necessary. The percentage refers to the external nature besides cordringloich on the inner, but not so that a child self-or co would. Creator forever I will stay alone! But, from the creator of the power given their free children birth preserving those works share with them in my behalf schöpfermäßig act. Only I overlooked the UR forever and knows all alone, what, how, when and where such sums done. Otherwise, yes I would have disintegrated empire.
